TEXAS PECAN NURSERY

R. W. FAIR, MANAGER,

Arp, (Smith County, East Texas.) **Texas**

THE WORLD'S LARGEST GROWERS OF THOROUGHbred GRAFTED
AND BUDDED PAPER SHELL PECAN TREES

IF YOU WANT TO BECOME WEALTHY SET A PECAN GROVE.
THEY WILL GROW FOR YOU WHILE YOU SLEEP.

THE ROOT SYSTEM
WE GROW

THE KIND OF ROOTS
MOST OTHERS GROW

Haven't the trees you have been buying had roots about like the ones on right of picture? DID THEY LIVE? DID THEY GIVE SATISFACTION?

The trees on the left of picture are the kind we grow. Note what a WONDERFUL SIDE, OR LATERAL, ROOT SYSTEM OURS HAVE. THIS ROOT SYSTEM MAKES 90% to 100% OF OUR TREES LIVE AND GROW.

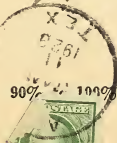

Mr. L. C. Corbett
Hort Bureau Plant Industry

Washington
D. C.

90% to 100%

OF OUR TREES LIVE AND GROW ON ACCOUNT OF
OUR WONDERFUL ROOT SYSTEM

Thoroughbred Budded and Grafted Paper Shell Pecan Trees

BECOME INDEPENDENT BY GROWING A PECAN GROVE.

Pecan growing offers the best and safest investment you can make. They will grow and increase in value while you are asleep, or while you are looking after other business interest. It's easier to let a Pecan Grove grow wealth for you, than it is to make it any other way.

A PECAN GROVE, IF CARED FOR, WILL BE WORTH \$1000 PER ACRE.

Practically any land owner can grow, or have grown a Pecan Grove (while growing other crops), that will be worth \$1000 per acre at ten years old, if given reasonable care. You can buy pecan trees to set an acre for from \$10 up, owing to the size trees used. Can you invest this money in any thing else that will pay you one tenth as well?

OUR PECAN NURSERY IS THE LARGEST IN THE WORLD.

OVER 500,000 TREES OF ALL AGES GROWING—64 ACRES IN NURSERY.

On account of our having learned how to grow the best lateral or side rooted Pecan Trees that's grown, also on account of our having given our customers a FAIR, SQUARE, deal in every respect. Our Nursery in twelve years time has grown from one-half acre, to sixty four acres, which contains to day over half a million trees.

90 to 100 PER CENT OF OUR PECAN TREES LIVE AND GROW ON ACCOUNT OF THE WONDERFUL LATERAL, OR SIDE ROOT, SYSTEM THAT WE HAVE LEARNED TO GROW ON THEM.

We grew the trees on the left of the picture on front page. Notice what a fine root system they have. When our trees are set they can gather Plant Food and Moisture from every direction as far out as these side roots extend. The more side or lateral roots a tree has, the more little feed roots it will have, and the more feed roots a tree has, the more plant food and moisture it can gather, and of course the more plant food and moisture a tree gets the better it is going to LIVE, GROW AND PRODUCE. HAVEN'T YOU BEEN BUYING PECAN TREES WITH JUST A LONG TAP ROOT? like the ones shown on the right side of picture. DID THEY LIVE? DID THEY GROW OFF SATISFACTORILY?

THE ROOT SYSTEM TO THE PECAN TREES YOU SET WILL BE THE FOUNDATION OF YOUR GROVE.

BE SURE TO HAVE THE RIGHT KIND OF FOUNDATION IF YOU WANT TO SUCCEED.

WE GROW THOROUGHbred, EARLY BEARING PAPER SHELL PECAN TREES ONLY.

Our seed nuts are selected in order to produce the best and most vigorous root system, and every bud is selected from good thrifty bearing trees, which makes every tree a thoroughbred and an early bearer. We have thousands of trees that bloom and many nuts in the nursery row, the same year they were budded.

EAST TEXAS GROWN PECAN TREES ARE BETTER FOR ALL STATES WEST OF THE MISSISSIPPI RIVER, BECAUSE they are much better acclimated to this section and they can be delivered to you in a few hours. Our trees have from 25% to 75% better root system than any trees you can find.

PECAN TREES GROWN ON, OR NEAR THE COAST, WILL NOT GIVE THE ABOVE STATES SATISFACTION. THEY CAN NOT STAND OUR HOT DRY SUMMERS.

FREE BOOKLET ON PECAN GROWING.

WRITE FOR OUR FREE 56 PAGE BOOKLET ON "HOW TO GROW PAPER SHELL PECANS," Which we feel will give you much valuable information on pecan growing, also a full description of our trees and the price of them.

ARE YOU ONE OF THE MANY THOUSANDS OF PEOPLE WHO HAVE SAID THAT THEY WISHED THEY HAD SET A PECAN GROVE 10 YEARS AGO? WHY SHOULD YOU DELAY LONGER? WHY NOT DO WHAT YOU HAVE LONG WANTED TO DO, AND WHAT YOUR BETTER JUDGMENT HAS TOLD YOU TO DO, NUMBERS OF TIMES. WHY NOT BOOK YOUR ORDER NOW FOR ENOUGH TREES TO SET 5, 10 or 100 ACRES THIS WINTER? YOU WILL NEVER HAVE A GROVE UNTIL YOU SET IT OUT. When you have once set it, it will continue to grow for you as long as you, or your children's children live, and will be getting better every year.

ON ACCOUNT OF OUR HAVING GROWN A FINE LOT OF TREES THIS YEAR, WE STILL HAVE A NICE ASSORTMENT ON HAND, BUT JUDGING FROM THE WAY THEY ARE SELLING NOW, THEY WILL NOT LAST LONG, SO BOOK YOUR ORDER SOON.

SATISFACTION GUARANTEED OR YOUR MONEY REFUNDED.

You take no chances in buying from us.

BEST VARIETIES FOR YOU. We make a specialty of growing the best varieties for all states West of the Mississippi river.

Ship by express to.....

IMPORTANT

Our trees are selling very fast, so in order to save time and trouble we will SUBSTITUTE in sizes and varieties, that will be just as good for you, UNLESS YOU SAY "DO NOT SUBSTITUTE." Make second or third choice if you prefer.

PRICES ON OUR WELL ROOTED, THOROUGHbred PECAN TREES.

The prices below are just as low as we can afford to grow our Well Rooted, Thoroughbred Pecan Trees for. It cost more to grow pecan trees with the wonderful lateral root system that we are growing on our trees than it does to grow them with just a long tap root, with a few little side roots. One of our trees is worth three of the average trees.

WON'T IT PAY YOU TO BUY THE BEST? ISN'T THE BEST THE CHEAPEST?

Special price on Burkett's variety: Trees 1 to 2 ft. \$1.00; 2 to 3 feet \$1.25; 3 to 4 feet \$1.75; 4 to 5 feet \$2.00; 5 to 6 feet \$2.50; 6 to 7 feet \$3.25; 7 to 8 feet \$4.00

Price list on all varieties (except Burkett) F. O. B. Arp

TREES	Lots of 1 to 25 EACH	Lots of 25 to 100 EACH	Lots of 100 to 1000 EACH	Lots of 1000 up EACH
